*I feel blessed and I am thankful to have had her in my life and for the opportunity to visit with her shortly before she left this world for a better place with God.*

“Denise, Bobby and family of Aunt Lillie: I found out about my dear, dear aunt going to heaven about midnight last night. Needless to say, I could not sleep for a long time. I was so surprised to see your Mom at Mother's funeral July 4th. She looked amazing and I just knew at that time that she would join the 100 club. God had other plans and now Heaven's gain is our loss. Even though we are so thankful that God blessed her with a long wonderful life, the hole in our hearts is so huge. Aunt Lillie was a favorite Aunt. She had such an engaging personality and just knew how to make anyone that ever visited her feel special. I will always remember her and love her. May God comfort you all during this time of great loss. I will keep you in my prayers.

“Bobby and Denise(my favorite cousin) i love you both dearly. I loved Aunt Lillie's outlook on life i will never forget her voice i will always remember her laugh, wish she did quite often in my presence. I will never forget the day she cooked lunch for myself, my daddy and Carl i think that was the time he ate a dozen pork chops lol. Aunt Lillie if you knew her you loved her it's just that simple she will be welcomed into heaven with many loving arms. She will continue to give and receive love for eternity. I will never forget all the wonderful times she allowed Denise and myself to be kids and love one another all of our lives, she was a wonderful aunt, and i will love and remember the good times the rest of my life. “ Denise and Bobby I am so sorry to hear about Aunt Lilly's passing. I have so many fond memories of her I remember she baked me a cake on my 13th birthday that was the prettiest cake I had ever seen or have ever seen. The last time I saw her she reminded me of a secret that we shared and we laughed about it. She was one classy lady, I know you both will miss her so much If there is anything I can do please let me know
