“ Linda was the best friend I ever had. We emailed each other almost every day and she was a true soul mate. We could talk to each other about anything and she was always there for any problem I was going through. She loved her husband, children and grandchildren more than anything. i feel so fortunate to have had her in my life and will forever miss her. I'm so glad we went down to see her while she could still talk to us. She went out of her way to get up an be there for a dinner Ken planned even though we knew it was really hard for her. That was Linda. The hardest thing we both had to go through was leaving when we knew we wouldn't see each other again. Without Ken I don't think she would have lived as long as she did . He is a true gem and I know she thought that. She was so worried about her grandchildren remembering her. She shouldn't have worried. She was always there for them and I think they kept her living as long as possible.. I feel so fortunate that God allowed her to be in my life for so long and will forever miss her.
