“ I’ve been told I was like Aunt Lynn in many ways and I always took it as a compliment. We didn’t get to see each other often but I enjoyed keeping in touch her through email, cards, and Facebook. It was a wonderful day when I would get a card from Aunt Lynn with her beautiful handwriting and updates on life. You would never know how much pain she was dealing with. She was always positive. She loved receiving photos and updates about my children. I love to share about my children so it was a wonderful relationship for both of us lol! I’m glad Aunt Lynn is out of pain but she will be missed greatly. Uncle Stan and Shannon, you are in my prayers every day. Love you. ❤️

“ Aunt Lynn was such a beautiful woman inside and out. She was deeply loved by my Uncle Stan. She has touched many lives but I'm most grateful that she was part of mine and my family's. We didn't get to see them as often as we would've liked because of the distance between our homes but I know they were both always there for all of us. Aunt Lynn will be missed, but more important, she will always be loved and remembered.

“ Mom, you were always inspirational and I hope I made you proud as a daughter. Life has it's ups and downs, but no matter how much pain you were in you tried your best at everything. You taught me to take a compliment and never say I can't because you can. You just have to work harder than others. Those words got me to where I am today. I have helped so many people along my journey of life, but there was one I couldn't just take away the pain. You are in a better place and pain free, that's what I try to see the good in. I have missed many things we did together and how you have given all your love. I love you mom and I just hope you'll be looking down on us telling us it's okay.

“ Lynn and her family were GREAT neighbors to us on Manor Circle from 1987 to 1995. Our Prays for Stan and Shannon during these days, remember the good times and Great food Lynn cooked.

Lynn and I would always say we looking through our house kitchen "windows" to visit, then when we moved back to Louisiana in 1995, she joked that our "window" was now our computer and emails. Recently we used our phone txt as our Latest Modern "window" to visit through. I will miss her txt from the "K's" to the "G's".

Stan, please try and cherish the happy times and take each day one at the time during these next weeks.

Friends,

Robert & Jill and Family
