“ Seems like after 12 years it would get easier, but I think I miss her more and more as time goes by.

“ My dear family, The night Aunt Lucy went home, I looked up into our winter sky and saw a new bright star, shining brighter than all the rest. That was my Aunt Lucy letting me know she was home and all was well..Aunt Lucy was and will always be tucked safely away in my heart. One of the many things I remember of Aunt Lucy was the woman could really scrub a head clean. She had just finished beauty school and I was visiting her. I think after that head washing my brain was clean. I have many fond memories of the farm, my family and my Aunt Lucy. I love you all. “ There are not enough words to express the effect Lucile had on people. She was bigger than life and brought happiness to everyone she met. There is a new light in Heaven and she is looking down on us wishing we were not taking her passing so hard. She was a one and only. She knows that she was loved and will be sorely missed. There is no doubt in my mind that she will not go that extra length to be at the gate to meet us as we arrive.###imported-begin##Don & Bobbi Inman###imported-end##
