The office of Financial Federal Credit Inc/People's United is deeply saddened at the passing of our dear friend. Knowing how instrumental Luther was in creating the Charlotte branch(es) and how he treated us as his extended family we will always be thankful. Luther was a wonderful supervisor, friend and teacher who taught us all a lot about the waste business as well as life in general and we are all better people for the guidance and knowledge that he shared with us. While the hearts of all us in the waste division, customers, friends and competitors are heavy with his loss we are praying for comfort, strength and guidance for you and your family in the days, weeks and months ahead.

“ *To the Whitlock Family, I have known Luther for over 20 years. He has always helped my family with our business financial needs. It's because of people like Luther that took a chance on working with a unknown Company 20+ years ago that has helped make our family business what it is today. A Company that I would be proud to pass down to my 3 grandsons. I am going to miss talking trash with Luther, He was a good man. I will never forget everything Luther has done for my Family. Our thoughts and prayers are with you all. God Bless You.*
