“ I wanted you to know that you all are in my thoughts and prayers at this time. Marcia was such a wonderful and special person. She truly kept me focused at all times on what was really important while we were teaching together and that was the children. Those were such good years. She had a good sense of humor so I'll have to tell the grands this one. We had a pet snake which she didn't like but said that she wouldn't let the kindergarten children know. I was in circle time and she was washing the paint brushes. I saw her jumping around and pointing down at the drain with this funny smile on her face. I got up and went back to where she was and saw that the snake was coiled around the drain. I rescued the snake and Marcia.##imported-begin##Mary Martha Richardson##imported-end##
