“ *My condolences to Marilyn's family. She was a wonderful childhood playmate and friend. She lived next door to my Grandma First and called her Grandma. I haven't seen Marilyn since high school graduation and have longed for a reunion. She was a talented and pretty girl. We were too short for girls basketball but she could sing and play softball like a pro. In our childhood we were in the same tap and ballet classes together. We played a lot together and enjoyed the fireman's picnics and going to the park. I treasure our good times together.*

“ *I am very sorry to hear of Marilyn's death. She had told me that her poor health prevented her from attending the Oxford Jct. Alumni Banquet in 2015 to celebrate 50 years since our high school graduation. I remember her as a fun and good natured person growing up in OJ. As children we played jacks together on the concrete floor of the old Legionnaire pavilion while our parents danced away the night. Powdered wax was spread on the concrete to make it better for dancing and the kids had slide contests.*

*Marilyn was a sweet, nice and cute classmate from Oxford Junction. I  
remember when you would perform your acrobat routines for different  
celebrations in town. You were perky and had such a sweet smile. My  
sympathy to all of your family members. Rest in piece dear Marilyn.
