“ *My forever friend Marilyn. Who would have thought that a pet sitting job would have resulted in such a beautiful interaction of love and faith! The love of her kitties and the love of her family was always at the top of our conversations. I heard so much about her family I felt like I knew them. She was one of the most appreciative people I ever met! Never a day went by where she wasn't saying "Thank you" for something. The bond she and I shared was very special and her friendship meant the world to me! . I will never forget her! I miss seeing you my friend, Marilyn! Love you, too! ❤️*

“ My Aunt Marilyn was very good to me. She was my Godmother, and helped me through a rough time in my life by having me spend the weekends in the summer at her house in Smithtown. I remember one time I was feeling down and she took me out for Mexican food ( back when a Mexican restaurant was a novelty) and then to the movies to see James Bond in “ Live andLet Die”. This was just a memory I would like to share. Aunt Marilyn was totally cool. God rest her soul.

“ Dear Grandma, I cannot believe you have left this earth. I hope you are at peace. I will think of you often, like when I drink coffee every morning from the nurse mug you bought me. In spirit you will live with our family in heaven until we meet again.

*Aunt Marilyn, unfortunately I have not seen you in a few years, and for that I am very sorry. I will always remember the family gatherings at your home in Smithtown, I always loved going to your home, swimming and playing with the cousins. I especially enjoyed playing in the basement when grandpa and the fathers were playing pool. It was always fun annoying them as they played and getting chased out of the basement. You always told me to get back down there and keep up the good work of annoying the men! I remember how delicious your meatballs were and always eating way to many of them. Aunt Marilyn I love you and Michell, Conner and I will miss you very much, your nephew Robert.*
