“ Mark I can't believe it. I'm in shock! I can't wrap my head around this...you were too young but I guess you were needed up above. I will cherish all of the wonderful memories I have of you. You were like a brother to me. The only thing that prevented me from seeing you, Nancy and Haylee was distance but whenever we were able to see each other, we picked right back up from where we left off. I will miss you. Thank you for loving my Nancy and Haylee so endlessly. You were loved by all that met you. Everyone that knew you knew how much of a teddy bear you were and how big of a heart you had even though you wanted them to think you weren't. My heart is broken and I just can't believe I won't ever see you again. Jim and I will look out for Nancy and Haylee also. I promise that if they ever need ANYTHING and we can help, we will be right there. Rest with the Angels. I will miss you dearly. I love you💜

“ *To Nancy, Haylee and Troxler Family-
I can speak for Barb, Matt ,Cara and myself to say we are grieving with your family. I lost not only a brother in law but a true friend and brother. For over 4 decades we had many great times together. If I had to pick one person to be in a fox hole with me it would be Mark.
Marks smile and kindness will be remembered for a lifetime.
We're praying ,that thru God ,your family may find peace during this difficult time.
Rest in peace my brother.

“ *Mark*

You were so loved.

I will miss you very much.

I will miss your laugh and the way you would call out "Nance" and there's so much to miss about you.

I remember you were always willing to do our handyman projects when you visited from New Hampshire. You never once hesitated. You just went at it.

You've opened your home to us several times in NH when we've gone on motorcycle runs. I will treasure those rides forever.

You were truly a beloved brother in law.

I wish you could hear me tell you I love you one more time but mostly I wish I could hear you say it back.

We've said that many times in our comings and goings but never did I think our last time hearing that would be just a few weeks ago.

I promise to watch over your girls Nancy and Haylee. They are so special to all of us.

I'll miss you

Until we meet again Dr.
