“ My heart is saddened by Patricia’s passing. She was a great cousin, fun to be around. My daughter in Law and I worked for her and Gregg at Dunes in Garden City S.C. in the 90’s. We worked as a team and although work was tiresome, we had a lot of fun times together. She always had that beautiful smile.

When we were younger, we had the best of time, dressing up like movie stars ,(in fact she loved to watch her movies, especially “Gone with the wind”), playing house in our underground playhouse we made at Grandmama’s.

She was a hard worker and enjoyed it. She was always concerned about everyone else and their sicknesses. Although she lost one of her lists due to diabetes, and was home bound most of the time, still she was content and had that great smile.

I just talked to her on Thursday , not knowing it would be the last time. We had planned on me going and spending the day with her soon. She bragged on those three great grands and how precious they are , and the grand children.

Amanda and Lillian Ann, your mom never had the riches of this world but she had a Mother’s love for you girls. The days ahead will be lonesome but God will comfort you. Cherish all the memories y’all made over the years and remember we didn’t lose her. We know where she is and she had two legs again, no pain and if we serve the Lord we will all be reunited again. I love y’all and I’m praying for strength and comfort.

Love you always

“ Although we were cousins and only 2 years apart in age, we were always very close. I have special memories of the crazy things we use to do and all the fun we had....like drawing houses in the dirt and telling each other you have to come through the door not over the wall. Being teenagers, we did some daring things, but had so much fun doing it. We also worked together at Brant's for several summers, flipping hamburgers and really having a blast even though it was suppose to be work. After we both got married, I always lived away and we didn't get to see each other as often as I would have liked. But my heart was always with her and the memories forever etched in my mind and heart. I know she is having a reunion with the rest of the family now and she is not any pain. I know one day we will all be together again in that great mansion in the sky and I look forward to that reunion. It is my hope and prayer for Amanda and Lillian Ann and their families that you will always remember the good times and the special memories you had with your Mother. I pray that in the days to come God will give you comfort and peace. Always remember I love you all and always will. Beth McKenzie
