“ Butch,

I just learned about Robin's passing, and am so sorry you lost your Life's partner. I had known she had MS, but didn't really know how sick she was. Those crazy days at George Washington, are of course, the last time I saw you guys, so those are my last memories of Robin-an incredibly funny and absolutely beautiful young woman. You guys made a great couple. You had a family together and a whole life I don't know about, but I can't imagine a more wonderful partner to spend a life with than Robin. I've been married for thirty-seven years to my wife, Ann, and wouldn't trade that time for anything. I'm sure you felt the same about Robin. You and Robin and your family will be in my prayers, always.

ps: Is your first name really, "Bill" or "William" ? I didn't know that.*

“ I remember Robin from "way" back in 7th grade and she was a sweet, considerate and caring person. That never changed. There are some folks in this world that can set an example for the rest of us and we need to learn from that. Robin was always part of the group and I enjoyed having her be a part of my life at that time. Her mom was a terrific person as well so that apple didn't fall far. Then Butch came along and if there was ever a match made in heaven that was it...two really nice people who found each other. There are good memories of fun with the gang at George Washington of which she was a part. Robin will be sorely missed by so many but surely welcomed home by our Lord.

With our deepest sympathy and condolences to Butch and the family...

“ Dear Bill and family;

I was sorry to read in the paper this morning about Robin. It is particularly difficult to realize that folks our age are passing away- she was six days younger than me. I remember so well you and she dating in high school; it is wonderful that you two have had a lifetime relationship with two kids and six grandchildren. On the surface, it sounds like a blissful life you to have had. I remember her as a vibrant, terribly attractive, wonderful gal and you is a pretty neat guy who lived on Gordon Drive.

The Greybill name has always been with me because I studied piano for two years with Robin's grandfather, Charlie. That was not a great two years of my life, because I was more interested in athletics and girls, and I didn't learn very much. He was a wonderful caring teacher, however.

Best wishes to you and your family in a very difficult time.

Sincerely,

Jon Cavendish

“ *My deepest condolence to your family. I did not know Robin personally but I can tell she was very loved by her family. At times like these I have found comfort from the scriptures and I hope you can too. At Isaiah 33:24 it promises of a time of no more sickness and John 5:28,29 of a resurrection. It's good to know that our loved ones are in God's memory and soon he will have his son, Jesus do something to reunite our families.*

*My deepest regards,

“ *Bill, Adam, and Molly,
I have the greatest memories of Robin at the beach playing in the sand and surf with us. I thought she was the coolest aunt ever when I was a kid because she played with us. I will always remember her beautiful smile and fun loving ways.*
