“ *She was a wonderful mom. She loved her family, kept a beautiful home and gardens. Always wanted to offer you something to eat because she wanted to do something nice for you and cooking was one of her talents. Nothing that a Swedish pancake couldn't fix. She brought family together with picnics and dinners. We talked about a lot of things and she offered good insight. Two things that stood out for me were 'In your heart you are never older than 18 just your body gets old' 'Love makes the world go round but money greases the wheel' She started me in the right direction in life. I will miss her forever and always but even in sorrow there is love. A love that burns brightly. A love that wraps around me when I need comfort. A love that reminds me I was lucky enough to call you mom. In every moment I look up I hope somehow you can feel how deeply you are missed. Love Karen*
