“ For Diane, Dear Diane, I earlier attempted to send a note of condolence so if you get this as a second one, please know it was a technology issue. My heart is broken for you as you deal with all this tragedy. Only God knows how you feel; none of us can even begin to imagine what all this shock and pain must be like. May it offer you some strength to know that your family of friends are praying for you and yours and that you are loved. All I would know to do in any similar situation is to hold on to my faith and expect God to do the rest. I recall that when I lost my Dad it felt that my physical heart was cracked into and so I must imagine that yours feels shattered with all this loss. It took several years, but He did put it back together. My prayer is that you will have all the support you need during these days. You and your family are loved.##imported-begin##Sandy Mishoe##imported-end##
