“ Dear Janet, George's death notice came as quite a shock. I guess Bennie and I were more concerned about you and your cancer & just were not aware of George's struggle. Memories of Ft. Meade and your visits here to the lake came back to us in large visions of fond and wonderful memories. We truly lost a great "sailor", officer and one helluva fine gentleman! God bless you and your family and our thoughts and prayers are with you. If we can be of any help/support, Please, please let us know. Curt & Bennie##imported-begin##Curtis S. & Bennie F. “ George was my mentor and he was a friend. As a brand new Navy Warrant Officer in 1970, I was on the receiving end of several of his "counseling sessions" and I loved him for them. Over the years of my commissioned career, he never failed to ask about my family and how things were going. I'm certain that the Lord is receiving some outstanding "policy guidance" right now. With Warmest Regards and affection to Janet and daughters, we most respectfully offer our sincerest condolences. Lou & Hilary West##imported-begin##Lou West##imported-end##

As a young seaman in CTR school in Pensacola in 1961 Capt Stein guided me into the CTA field where I spent 25 happy years in the U.S. Navy. “ Please accept my deepest condolences. Captain Stein was a Lt. and advanced me to Seaman when I was in Imperial Beach, California, and when He was the CO of NSGA FT Meade he advanced me to Master Chief.
