“ I was introduced to Mike Arrington, by his brother David Arrington in 1987, when we were working with Global Security and Mike Arrington had just joined Myrtle Beach Police, after leaving Global Security. Years later in 2001, Major Hansen hired me with Excalibur Security, was not aware til later that Mike Arrington owned Excalibur Security he did remember me. There are no words to describe how much of an honor it was working for you. To all the family and friends, may the love of Jesus Christ always surround all of you.

“ I worked with Mike for almost 16 years, both at Excalibur and Phoenix. For the last several years as Office Manager at Phoenix, we worked closely together. Quite often our work conversations would go off on a tangent and we would talk for an hour. Then I would realize I never asked him what I meant to and would have to call him. He always had time for anybody who needed him. He was a great boss and a good friend. We all miss him so much.

“ *Bosses like you are rare. It was an absolute honor and a profound privilege to know you and work for you at Phoenix. The profound impact you've made on your team, colleagues, and the community will forever inspire us all. May you rest in peace.*

“ *Mike and I have been friends for nearly 40 years. He and I were hired together at MBPD in the Spring of 1987, graduated from the SCCJA, and worked on a patrol shift together. He was a genuine, honest and the most unselfish of a person you would ever meet. He had a terrific sense of humor and quite a prankster.*

You have always been a good friend and esteemed brother in blue. Thank you for always being there. You are missed Mike. Rest easy. Love ya brother.

“ *Since November of 2024 I've had the luxury of working for the company Phoenix. On the occasion that I saw Mike he was a funny and outspoken man. The amount of appreciation and kindness shown not just to me but the number of others as well cannot be replaced in the world. Everybody will always be thinking of the amazing actions and work he committed himself to. Signing out 101, Christian.*

“ Mike wasn't just a family friend, he was an integral part of our lives, he was like my uncle who was always there when you needed him. From the time I was a little kid, he was there for every birthday, even my graduation. He had a way of making you feel seen and heard, whether you were sharing your biggest dreams or just venting about something silly. I'll always cherish the memories of staying at the office during tough times, playing with my dolls or even raiding all the candy including his (lol). He was the brightest crayon in the box, a beacon of positivity and humor who could light up any room. His laughter was infectious, his stories were captivating, and his advice was always spot-on. Mike's absence leaves a void in our hearts, but his memory will forever be a source of joy and inspiration. He will be deeply missed by all who had the privilege of knowing him. I love you Mike. Thank you for being the uncle I needed. ❤️

“ I worked for Mike for about 4-5 years before I came to corrections and even part time on my days off before leaving completely. He was an amazing man with a huge heart which showed in how he treated his employees. He treated them like family because he wanted Phoenix to be a family. There wasn't a time I didn't see him smiling or laughing, usually at his own jokes (which were kinda funny). He had a heart of gold. One memory I have of Mike is when we all (Mike, Amy, Krystal, Olivia, Matt, and myself) went out to eat after a friend's/coworkers memorial service. We hung out, talked about life, laughed, did silly Snapchat filter pictures (Man, I wish I still had those). He was an amazing boss and an incredible man and everyone who had the pleasure to have known him is beyond blessed. He's going to be missed beyond measure. Rest in paradise Chief, we got it from here.

“ I have been with phoenix since November of 2024 and since I've known Mr. Arrington he has been the sweetest man to work for. “Word's can't describe how heartbroken I am. I have known Mike for 20+ years. I have worked for him for 17 years. Mike was like a second father to me. He was always there for me through good times and bad times. I have got to know his family all these years as well. Whatever I needed and wanted for work Mike got it for me no question asked. I have a lot of great memories that is for sure. I always knew when I was in trouble when I would go to his office and I would hear what in the hell is wrong with you son did you really do that didn't I teach you better. I would pause and start thinking what the heck did I do? Then a big laugh would follow and he would say just messing after watching me struggle for an answer. I miss the times where he would send David in to get Amy started. I miss the times he would call me and say hey did you eat ok meet me here and we would just talk about our lives and my daughter. He always said if that little girl needs anything you call me. I could go on and on with stories. I will miss you more than you would ever know Pop

“ *What can I say about Mike Arrington. When I first moved to Myrtle Beach, in 2013 from Brooklyn NY. I went to work for Mike at Excalibur Security solutions. I remember after the first week I was in his employ. We sat down and talked for at least a good hour, about my life's ups and downs. He listened in a way most bosses Dont. He actually cared.. which to me was kind shocking.. after about a month. He invited my friend John and myself out to his friends newly opened bar, to sing karaoke. And he was kind of shocked that I could sing. He bought a few rounds and we laughed and joked the night away. He was always in an upbeat mood, we would laugh and joke, in our own sarcastic way.. yet he always cared about our safety. Always pulled you to the side, if he noticed something in your life was bothering you. After Excalibur. I went to work for him at Phoenix. And worked in his Employ for years. I am so sad to hear of his passing so suddenly and so young! He will be missed by so many people! From family to friends to employees or all of the above in each different person. May god bless his soul, his family and all of his friends going through this very difficult and sad time. God bless you Mike. We will take the watch from here. R.I.P sir... Sincerely, Philip Lefkowitz*

“ *Philip Handscomb is my husband and an employee of Phoenix Security. He always told me, Mike was a fair and honest owner and employer. Mike knew his staff well. Whenever Phoenix was short a person for a shift, Mike would always call Phil directly, because he knew Phil wouldn't say no to him, and Phil would say yes. Like I said, he knew his staff well. We will miss him RIP Mike*

“ My condolences to the family. Mike was my favorite employer, and also a friend who was always there. I worked for home several times over the last 25 years. I had to leave many times for family reasons, but he was understanding of that. I finally got in a position I could go back and work for him again and had hoped him and I could retire about the same time. He will be forever missed. He was definitely one of a kind.
