“ Mike was one of the most knowledgeable GE Service Representatives that I have ever had the pleasure of working with many years ago at Grand Strand Regional Medical Center. He was a pleasure to work with. It is with great sadness I offer my condolences to his wife, Karen, and other family members. (I just found out today, Nov. 12, 2020, about his passing.)

“ Mike taught me a lot about fishing, hunting and camping on the Wacamaw river. I cherish those times spent him and his dogs, (Rascal, Rupert and Roadie) on the banks of the river over the years. He was a great friend and will be missed. Prayers for Karen and the Family.

“ I served with Mike in the Army and had the opportunity to spend a few days at his home after we drove from Denver to South Carolina on our way to Germany. We then met up again in Germany and had some good times while stationed there. He was a good friend and I always assumed that we would get together again. May God bless him and his family. I will miss him.

“ Karen, Faith, and Becky,
I met Mike back in the early 80’s when we both worked for the same medical imaging company in Charleston, SC. We traveled around the Carolinas and parts of Georgia installing and repairing x-ray equipment together. The work was challenging but Mike made the job fun and we became friends in addition to co-workers, enjoying cookouts and water skiing together during the weekends. Corrine and I both recall the evening that Mike was over for cookout when he mentioned that a really nice girl and her sister came to look at a Ford Escort that he was selling earlier that day. He was trying to work up the nerve to ask her out (and you know how that story continues!) Even though life’s circumstances took us in different directions after Mike moved back to Conway, I have always looked back fondly on the time I got to spend with Mike. Since we both worked in the same field most of our careers, we were able to keep up with major events in each other’s lives, like Mike’s marriage to the special young lady that he met in Charleston and the birth of Faith and Becky. Mike was especially proud of his family and kept you folks at the center of his life and I always admired that about him. Mike also worked hard for his employer and had deep religious convictions that gave his life meaning and significance. It was a life well lived. I will miss him greatly, but am comforted by knowing that we will be with him again.

“ I most remember the soundness made the Grr sound. Funny I still can't do it but all my friends and I make a sound trying to mimic me, who was mimicking Mike. I regret most of all having 3 Jeeps and not once not going bogging with him. One of my fondest memories will be when I feel I saw him the happiest... in the trailer after the house burned down, he brought over a lady... who I thought wow she is really pretty! And she became my Aunt Karen. We had some great Thanksgivings over there with multiple sides of the family and I thank them for being so great. I again most feel bad as a Jeep person not Jeeping around with My uncle
