“ Mike,thank you for loving our family so much. You accepted us with loving arms and proved to us what a wonderful man you were. You were a great step-father to our grandchildren. You tried to reach out to your two children and grieved over not hearing from them when you were so sick. We accepted you as you were..a man who loved your Carhardt overalls and your old floppy hat. You loved Cheryl so much and treated her like a princess. You also loved your dogs and you rarely left home without them. It never mattered what others thought about you so long as The Lord approved. I know God has something special for you to do in heaven.We will always love you, Norma Thomas, your mother-in-law and your friend

“ Thanks so much to everyone for all the Thoughts, Prayers, Flowers and attending the service....Mike had a lot of friends near and far that loved him dearly...

I am so glad I was able to spend this short time with him....He told me on numerous occasions that he was the happiest he had ever been....I have so many great memories with him and there was never a dull moment....I am proud to say also when we were married we had a bell at our wedding that was rung and the purpose of the bell was when we got into a disagreement one of us would ring the bell and we would stop and have a discussion with each of our sides.....I am proud to say we never had to ring the bell....No fusses...and we done everything together from going to the grocery store to each other's doctors appointments....

I know Mike is in Heaven and has lived a very peaceful life with very little drama for the last 7 years.....He was not only my husband but my best friend...I miss him dearly but I know he is not hurting any longer...His last 2 surgeries on his neck and a surgery on his lower back had really wore him down.....Not a day went by that he was not in pain....

He has gone on to make sure everything is perfect for me...He spoiled me rotten while on this earth and I did my share to spoil him also....

Hug your Husband or Wife because you never know when it will be the last one...

“ *When I knew him, Mike was always the type of person who just wanted to be accepted for who he was - no pretenses - I'm sure that never changed as the years went by. Mike, your time on this earth was far too short, but you left behind a legacy that will live on through Erin and Jeremy, our children. You were always a part of our hearts, if not our present lives. I pray that you found the peace for which you were always searching...*

My deepest condolences and prayers to all who loved him.

“ *Daddy,*

I miss you. I miss all the lost time, and I miss all the opportunities we won't have now that you're gone. There was supposed to be more time....

I hate that you won't be here to meet your first grandchild in 2 weeks. I know you would have gotten a kick out of being called Grandpa; but I have 28 years worth of memories of you and I plan to pass each of them along to your granddaughter.

I love you so much, and no matter what distance there might have been when you were alive, it is nothing compared to the hollow I feel in my heart now. I hope the choices you made in life are serving you well in death, and I really hope I'll get to see you again someday.

I love you Daddy, so much more than you probably ever knew; and I pray you've found peace.

“ Hi Mike,
It's the "old woman" - your first mother-in-law. You were the only one who could ever call me that, and I knew when you said it, it was filled with love and affection. I'll never forget the first time Rod and I met you - torn blue jeans and jacket, on the back of a Harley! We didn't know what to think at first, but you quickly became one of the family.

I will never forget how you cared for Rodney, when he became ill - or how you would stop by my house every day after he passed just to see if I needed anything. You were always like a son to us, and you have remained in my heart that way throughout the years. You have always been, and will always be, loved by this family.

“ I first met Mike when I started a new job in 1998. I didn't know a darn thing about what I was doing I was just a helper. Over the years mike taught me many things. He would show me a task and I was like "holy cow batman" that's pretty cool. He then asked me " do you why that was was so easy?". No I replied " it called experience, that some power \$#%t " I was. Like your correct. In 2009 I become the director of that section. Mike taught me a lot. He will be missed by many. --peace be with you

When I first met Mike he and my husband at the time were really good friends. When he would see me he would say "there is my girl". He was like a great big comfort zone for me. He would calm me down when I was upset and talk me down when I was mad. There are so many things I could say but I think the best thing I can say is that you could not ask for a better friend then Mike Lowe. I know that in the last few years we have lost touch but your friendship is something that will always be very special to me. I knew that no matter what time or what was going on that I could always count on Mike to be there. He was like a second father to me and helped me through a lot of things. We had lots of good times. I hope you are at peace and relaxing. My prayers are with your family.
