“ Myra, Tommy & Mathew, we're so so sorry to hear about Christopher's and Miles's death that you had after moving away. We weren't sure or couldn't believe it could be one of the boys that my boys went to your house to play Myra, Tommy & Mathew, we're so so sorry to hear about the boys death. We weren't sure or couldn't believe it could be one of the boys my boys went to your house before you moved to Loris.

It just breaks my heart to finally put the names of boys involved in that crash. And that I actually knew before you moved to Loris.

Matthew was Stevie's best friend

It just breaks my heart to finally put the names of boys involved in that crash. And that I actually knew and remember Christopher, being this cutie pie 💔

When I ask Stevie if he knew anything about this and didn't. I called the funeral home and asked. When the guy confirm it, my heart just sunk with cold chills and Stevie face turned white as if the blood had drained out of his face

Just know you're all in our thoughts and prayers.

And we are heartbroken for your loss!

Miles Waddell "lit up" my classroom every day! He made me smile always. When Miles did not feel well I was sad because I missed his great big smile that day! Miles told me many times this semester that he did not like math and I tried to convince him otherwise, daily. It became quite a joke between us. I loved talking sports with Miles; I loved his passion during these conversations. I enjoyed teaching Miles last year but I grew to love him this year. He will always hold a special place in my heart and in my memories!
