“ I was so fortunate to have met and known Morgan. His unexpected reunion with his granddaughter (my wife Renee) was proof of God's miracles. As a result he became a grandfather to me also. My most precious memories are sitting on the porch with Morgan, enjoying each others company and just listening to the amazing stories that he would tell of his life and experiences. I will plant the cherry seeds and have a Carolina cherry tree grow in Arizona. I love you Morgan and will remember you all my life.

“ I'm so sorry for your loss. Please accept my deepest sympathy. May you find comfort from your memories, as well as God's word the bible. Why do people we love die? Romans 5:12 says: "That is why, just as through one man (Adam) sin entered into the world and death through sin, and thus death spread to all men because they had all sinned." How loving of God to promise what is found at Revelation 21:4 which says, "And he will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away."

Why your case matters legally (not just morally)

From what you described, there are four major constitutional red flags:

Judicial conflict of interest

If the Judge was a patient of your accuser, that is a serious due-process violation.

*Only my Grandpa would raise 3 goats & a seal. He had an amazing life filled with distant travels. But most importantly, in the end he had the love of my Grandmother. His daughter who took care of him with such grace & compassion. His son-in-law who has watched over the ladies with a quiet strength. Great grand daughters who would come into his room to kiss his cheek & tell him they loved hm. I just somehow thought that, that he would always be here. My Grandpa was very much loved & he knew that. He was the best & I am so blessed to have found my family. God, please comfort my Grandma and my Aunt. So mote it be.*
