“ After learning of your death, I was devastated as tears filled my eyes thinking on the wonderful times we had growing up on Pleasant Wood Drive in Decatur back in the 50's and 60's. I lost contact with you when we both went into service, you went into the Army, and I joined the Marines. Several years later after our service days were over, we once again were reunited by running into each other at the Boom- Boom Room as we called it back in the day aka Glenwood Bowling Alley. Older now we still shared many wild and crazy times hanging out together, but I fell in love and married, then moving away to her hometown. I'm back now and believe it or not, I live just 2 miles down the road from where you are now resting in eternal peace and I visit with you often my dear friend. Just know my friend " Hoppy " you are not forgotten and as long as I live you will still be my running mate, if only in my memories of days past when we were young and living down the street from each other growing up. Love ya my friend!
