“ *To the Neil Gallagher family, I am very sad for your loss, I have worked with Neil for past 9 years and can only say that Neil was a pleasure to work with and will be missed. Sometime I would see Neil come into work at night and sometime I would see Neil in the morning when I came to work always had a smile on his face, we would chat about what was going on around of work. Neil was so happy about his new car. Neil will be very missed here at work.*

“ To the Gallagher family, My wife and I send our thoughts & prayers to your family, I had worked with Neil for a couple years, Neil is & was a very kind young man, sometimes as worked through the nite, he would just say something out of the blue & would have the entire crew laughing, Neil was honest & could be counted on with such a great & cheerful attitude, he always asked about everyone and their well being.

Neil would always put out a lending hand at work if someone fell behind to make sure the job was accomplished, he was sometimes quiet and other times he would just carry on the conversation and make the shift go by faster, it was always great and intelligent talks, He will be missed,
