“ Coach "BUCK" Allen taught me woodworking in high school (1988-1989). He was as patient a man could be with a hyperactive, hormone filled group of boys that we were. I remember one of my buddies not having enough money to buy the materials to finish a project, coach took the fella aside and said just finish the project, don't worry about the money. His character was strong. Tough as was ever made! I admired him and was a great example that I will miss, but, I will see him again because of the Grace of Jesus!

“ Dear Velma, Jenna, and Brennan, we were sorry to read of Buck’s passing. He had a big influence on our three sons all the way back to his days at West Conway/Whittemore Park Middle. I really got to know him during my tenure in the Athletic office at Conway High, and his years at Jamestown Baptist Church. He has enriched the lives of many. Our prayers are with y’all during this time. Love you.

“ Such a great man and positive influence for many years at Conway High in shop class and on the athletic fields. I have so many special memories of him, from building the derby cars in class to those long afternoons at football practice. He will be missed, but is now walking the streets of gold!

“ *...So sad to learn of his passing. I knew him as "Charlie Horse"
when we were children growing up out in the country. My parents
adored his parents and they enjoyed attending Church together. His
entire family hold a special place in my heart. May God give all of
you peace in knowing, he's not gone, he's just "gone home."*
