“ I first met Patricia in 2004-2005 while visiting her wonderful parents Connie and John Serla. I became better acquainted with Patricia over the last ten years within a business relationship and quickly could see how devoted and committed she was with her family Teresa and the Grandchildren. I will remember Patricia as a caring individual.

My best wishes to friends and family members during this time of sorrow.

Although I never personally met Patricia or Teresa, they have been using me as their travel agent for many many years. I had planned to stop in Murrells Inlet to meet them on a trip back to Florida this past July. It did not work out and I never got there. I'm very very saddened by this. We had grown close and talked about our children and grandchildren and about it feeling like we had become family. She shared things about the kids and I know how much she loved them and always had their best interest in mind on any, and all trips they took together. My prayers and thoughts are with you Teresa, the children and your families. May God bless you and give you strength to carry on. I'm thinking of you Teresa as you go through this very difficult time.
