“ Mom, I miss you every day. I can't tell you the number of times I thought Mom would like this, or Mom would know this. I thank you for teaching me to be strong enough to deal with the hard things in my life. As usual you did this your way, and it was wonderful being able to spend the little time we had, together. I love you and know that one day I will see you again. I love you, Bev##imported-begin##Bev##imported-end##

“ Granny was cool. But sometimes she was worried about something you were gunna do. But u say you have done it before, but we deal with it. It was shocking news once we heard she died some of us tried so hard not to cry cause we dont like to see other people cry, u also feel bad because u didnt cry and dont want other people to think u dont care about what has just happened.... But we should be happy because now we know she is not in pain anymore and is in a better place talking to everyone else we know who has died. We love our granny and will always keep her in our mind.##imported-begin##casey cain##imported-end##
