“ I just discovered this today. I have been looking for members of my family that my father lost contact with. My father is Terry Parrish who is Pat's cousin. To this day my dad still tells me stories of his fun times with Pat growing up. He tells me about the times they went to the movies, the candy bars they got, he told me about him working for the golf courses. He said they were called short change and loose change as kids. I wish I had thought to look for Pat sooner. I would still like to get in touch with his wife Pam and connect with my lost family. My father is hoping to visit family in Myrtle Beach this year. If you could help me get in touch with her I would appreciate it. My email is mykel.parrish91@gmail.com.

“ I was his teacher and high school coach. Pat was always a pleasure to know and work with. My health prevents me from getting out too much but wanted to send my deepest sympathy and prayers for his family.

“ We shared LOTS of laughs, hugs and even some tears! Funny we didn't know for a few years we were actually cousins. I'm gonna miss you dear brother-in-law and your hugs. I think Taylor comes closest to your hugs, you taught him well. I'll see you again brother. Much Love!!!!

“ Having been a MBHS Seahawk basketball player teammate of Pat, I remember enjoying the games, practices, and sharing fun times with a guy who always seemed to have a smile on his face. All except of those on the opposing teams. Although many years have pasted since those days and changes have taken place in us all, he never seemed to lose his youthful zest for life. May he rest in peace and God allow family members the ability to retain fond memories of "one of good ones".
