You taught me so many things finances, house maintenance, gardening, several other things to many to list and most of all family values and love. “ *We only met Dick Hemsing a couple of times. Both times we were impressed by his hospitality and ability to make you feel like you had known him forever. When we came to the city for Ruth & Eric's wedding, he gave us directions on how to get around New York City, right down to which lane to get in on at a certain marker. We were always impressed by that! Our sincere sympathy to all of his family and friends, we know he will be greatly missed.*

“ Dear Hemsingi family, we are deeply saddened at hearing the news that Paul has passed away. We have visited Myrtle Beach for thirty two years and have rented many places from hotel rooms, resort rooms, and many other houses but we finally found our home away from home at DD and DP. We have rented Dolpins Dance for the past five years during the months of February and March and Drunken Pelican for four years during the month of November. Every visit we looked forward to receiving the welcoming phone call and the cheerful discussion of the weather both in Ohio and in SC. He always asked if there was anything he could do to make our stay better and we knew he was asking out of general concern and sincerity. He liked hearing of any recommendations we had for improving the property and always seemed to take them in consideration. We liked the checkin phone calls as well and were more than happy to be available when maintenance personnel needed access to the property to help him to get things done and to give him peace of mind as he made every effort to improve and maintain the wonderful places that we have grown to love and call our sometime homes. We always looked forward to the phone call the day or so before we left. We would commiserate on how fast the month or two flew by and how we would be returning to the cold and gray weather in Ohio. I talked to him about the new flooring and new curtains. He kidded me about how such little things could make me so happy! We talked to him last when he was in the hospital, and could tell he was not well, yet he was concerned about getting the new tile flooring repaired and asked if we would put tape on the parts that needed looked at. He said at his age, healing took longer. I told him to nevermind about the floor, to just get well and get out of that darn hospital! We had the privilege of meeting him only twice, once when the hot tub was getting installed and again when he dropped off a new coffee maker and toaster oven. We will truly miss him. He a was a wonderful man and felt like part of our family. Our condolences to all of you, his wonderful family. We hope that you can find solace in the many happy memories you have of this wonderful, caring and sincere man.

“ *One of my greatest memories of Dick was when he attempted to
teach us how to line dance at my dad's birthday party. He never
gave up, although to this day, I still can't do it. I know he has taken
Heaven's dance floor, and having a wonderful time. Your legacy

Dick, you will be sorely missed. We gave up line dancing a long time ago but oh did we have fun. Making couples dances out of the line dances. I know you and Lori are holding each other tight, swaying to the music now. I'll miss our phone calls, The "Oh well" when we finally exhausted our conversation. You were always ready with a positive word or encouragement. A once in a lifetime friend, big brother. Rest in peace.

To Buddy and the entire Hemsing Family. The transitioning of the "Patriarch of the Hemsing Family" has left moments of moments of silence in your hearts. However, you have a Guardian Angel. So I give you his Prayer.

he Guardian Angel Prayer:

Angel of God, my guardian dear, to whom His love entrusts me here, ever this day [night] be at my side to light and guard, to rule and guide. Amen.

Dick, you will be missed. I will always remember the Line Dancing you taught at PVP. We are still line dancing today, but you were the best. "Do it again DICK" was our usual call out when you were teaching. You are now with Lori. Loved her too. We spent some great times going out for dinner in PA, spending time at Myrtle Beach with you both and also in Conway. You always made us feel welcome.

“ So many years of fun and friendship hours Ell and Dick spent fixing the "rex hall" visits to NY for holiday parties to Myrtle beach and Conway more like family and knowing Dick and Lori are once again united makes a bit more comfort RIP Our memories will live on.

“ I had the pleasure of taking care of Mr. Hemsing and his wife Lori. Very sweet couple. I remember he would go to Cosco every Wednesday and bring Lori flowers. Seems like yesterday when sweet Lori passed away and he was outside and he came through the door and I was speechless because she just told him she wanted to go home and he said what are you talking about you are home... Not knowing she ment her heavenly home... Then a few years later when I was in the hospital having my daughter and he camed through the doors to visit me... Shocked again... Hate that you are not here anymore but rejoicing at the fact that you are reunited with your sweetheart. I can hear you now.. "Yes dear" 🙏. Prayers for his family and friends.

“ We have so many wonderful memories it is hard to pinpoint just one. One that stands out is how Dick and Lori shared their beach house with our Marriage Encounter team so that we could hold a weekend retreat there. Our Saturday evenings out to dinner together after Lori's passing, sharing Christmas and New Years Eve parties at his home. We always felt like family not just friends. Dick will be forever missed and forever in our hearts. May he rest in peace with the love of his life Lori.

“ Mr. Hemsing was such a kind, sweet man. He let my step-mother rent one of their beach houses to celebrate our granddad's 90th birthday a few years ago. His kindness allowed granddad to have his whole family in one big house for his birthday. Paul will be dearly missed. RIP.
