“ Diane and family, I would like to extend my condolence to you and your family on the recent accident and death of your daughter, Rachel. Diane, you had spoken so often of her and her accomplishments. She will be missed by all of those who had the privilege to know her personally. We must have faith in God to understand why he has called her to be with him. I am so very sorry not to be able to be with you today - I was out of town when I received notice of her death. “ I was so incredibly sorry to hear about Rachel's accident. I won't pretend that I remember much about her, because I haven't seen her in a while, but we connected in the simple way that young children do. From what I've read and heard, she was just as sweet as when I knew her. I am so sorry. Take care of yourselves.###imported-begin##Julia Ozog###imported-end##

“ Rachel was my best friend. I have been with her almost everyday since I met her in January and came to Coastal. I am so very grateful that we spent so much time together. I am so lost without her. My life just isn't the same. She was my rock, she supported me in so many ways. I am distraught. Rachel I love you with all of my heart and I truly believe you know that. I will never ever forget you. I miss you so much. The only thing keeping me going is knowing that one day we will meet again and that you're up there in heaven waiting for me. You have no idea how bad I miss you and want to see you. We will meet again. I love you with all my heart you were my best friend in the whole world.##imported-begin##Sarah Singh##imported-end##
