“ What does one say about a person such as Randy always was? Let me say, "It isn't easy to hit all of the highlights of who he was & will remain." You could always look for Randy to be a comic...while yet being sincere. He could be the life of the party while remaining true to himself. A very strong man he was and he fought a long, hard fight...giving it all he had until he just had no more to give. Randy, you carry a piece of me with you & will always be my forever friend (& the friend that FB always matched me with)! Love ❤️ to a special friend in our LHS Class of '67. Keep those shagging 👞shoes on!

“ When I worked for UST I was transferred to our Richmond plant. Having no friends or family Randy was quick to befriend me and my family. Our families spent almost every weekend together for five years until I was transferred again. There are only a handful of people who enter your life and have a forever impact and Randy will always be one of those people in my life. We continued to talk and text right up to the week before his last surgery. I will truly miss him and his great laugh.

Dale, Phyllis and Linda, I was so sorry to hear about Randy. He was such a good friend to so many in our school and Church days together at Beulah. The battle is over for him and victory is sweet. My thoughts and Prayers are with the family.
