“ *One of my most favorite childhood memories is of my elementary school education days! Ms. Lee was my first grade school teacher and I so remember her kind and compassionate, soft-spoken ways of teaching and dealing with each student as if we were her own. I loved her, as I know you, her family, have loved her for many years and for which you have been so fortunate to have made a multitude of fond memories to sustain you through these sad and lonely times without her physical being present. Keep her memories close and know that God is with you through these difficult days.*
