“ dear marybeth, dave perry here. old friend from the early 1990's i stumbled upon your parent's notices in the post gazette archives. i'm very sorry for your loss. i don't know if you come back to check this guest book or not but i just wanted to say how sorry i am to hear about your parents. they were very good people that treated me very nice and that has stuck with me thru the years. i know how it feels to have a great loss in your life. my father passed away in 2003 at the age of 59 of cancer. he not only was a great father but my best friend. they say time heals all wounds, but they never say how much time. you take care and remember that they will always be with you in your heart and in your memories. god bless. dave perry2817@yahoo.com###imported-begin###dave perry###imported-end##

“ As a hospice volunteer, I provided respite care for Regis so he could run some errands while I stayed with Frances. We also talked alot before and after he went on his errands. We shared stories about his work - my husband was retired from the Nuclear Regulatory Commission and Regis worked for Bettis Atomic Laboratory - and our love for music. He was so unselfish in his care for Frances. They are both very special people and are lucky to have found each other twice. He called me two days after Frances' passing to let me know and to thank me for being there for both of them. I was so sad to hear of his passing and I will miss him.###imported-begin###Leslie Weiss###imported-end##

“ *For 50 years two angels walked this earth. They shared their love and their strength with everyone who knew them. They welcomed you into their hearts and their homes and showed you that no matter what you were loved. God called his special angels home to celebrate the rest of their anniversaries in Heaven. On this day all will stop and remember the angels that were joined together bringing into this world a love that none can ever compare. Happy Anniversary Mom & Dad! You are forever in our hearts, our souls and our love.*###imported-begin###*Cheryl Luketic*###imported-end##

“ Mary Beth & Mike The shock of just losing your Mom and now your Dad just days apart must be so overwhelming for both of you. I know how close you were. They loved you both with all their hearts, and they were not afraid to show it or talk about it. We enjoyed the time we got to spend with your Dad and your Mom while they wintered here with you in the Keys. Each afternoon we would meet out on the dock to share stories. We loved your parents and just can not beleive they are both gone, and will miss our dear friends. But God has called them Home. They were married 53 years and were only apart 9 days on this earth. Is was meant to be. Now God will help you and Mike, to get through this very difficult and sad time. Our Prayers are with you. We love you! “ As I sign this guestbook, I think of Rege as we visited him at his home in Murrells Inlet just last year. We were having a little get together. The music was playing and all was good. In my memory, I hear the songs. Rege loved MUSIC!! Let us believe that the music has not stopped. In his special place up there, he and Diane are singing together. As the song by Kansas says- Don't hold on- Nothing lasts forever but the earth and sky- it slips away- Rege and Diane have slipped away to the most wonderful place ever- that place, none other than HEAVEN. I will always hold both of their memories close to my heart. Kathleen##imported-begin##Kathleen Palmer##imported-end##

“ *You were an angel put on this earth to watch over us all. You gave us guidance when we needed it and direction in our lives You never passed judgment and always had a smile You accepted us no matter what our faults Your love was unconditional and you let us see That is was alright ?just to be me? You let us lead our lives in the path that we chose But you were there to pick us up when we trip over a rock Your advice can still be heard in our ears and our hearts You never gave up on any of us The Lord has called on you to come home To brighten up the sky?s above Now the whole world will be able to see Your unconditional love Together again in life and death we may not understand why, But the love for those you left behind will shine by the twinkling Of the stars in the night sky. You are forever in our hearts & souls. You and Diane are together and at peace. We love and miss you! Cheryl, Scott & the girls##imported-begin##Cheryl Luketic##imported-end##*
