“ Bob was a wonderful co-worker at Cosco. I could always go to him with questions and concerns and know I would get a straight answer. And he was so passionate about safety, whatever the product. I'm convinced many people owe their fingertips, toes and more to his insistence on doing things right. I was so sorry to hear of his passing. My condolences to Bev and the entire family.##imported-begin##Carol Dingley##imported-end##

“ Beverly: I am so sorry to hear of Bob's passing (Columbus The Republic newspaper). I have been thinking of you folks since I retired from Cosco (March 31, 2007). I knew you were "out East" but no one I asked new WHERE you were. We have a Retirement Luncheon group (now numbering about 50 people) who have asked about Bob during our luncheons (2nd Thursday of each month ... Sadie's Restaurant). If you ever come back to Columbus, we would love to see you again! Bob was a person well respected at Cosco. He fought for safety of the product line with a GREAT PASSION!!!! I was honored to know and work with him. He would "let me know" when the Company authorized "expensive" color labels, etc from my Advertising Department and would not approve his request / demands for inexpensive safety labels! There are few people that Bob knew still working at Cosco / Dorel. I will never forget Bob. He will always be thought of as a GREAT MAN !
