“ *Kathy and I both thought the world of Bob. He was a huge asset to MBHD. Bob was always quick to lend a helping hand no matter what the request was. He was a master at fixing just about anything and could keep things running smoothly during the toughest of times.*

“ For several years my daily commute was shared with Bob N4XML via Ham Radio. We'd "ragchew" on the radio while each dealing with the congested traffic heading to work. We were carpooling in separate cars. Connected via our mutual hobby of Ham Radio. In a unique way Bob effected my Ham Radio experience. One of the first Radios I bought was purchased from Bob. I once carpooled with Bob to the Charleston Hamfest, where I bought another radio, a wise buying choice made based on advice from Bob. And just recently I purchased a third radio that at one time was one from Bob's collection. You can say the local Ham Radio Community benefited from Bob's proficiency at building up his Ham radio shack with newer, more elaborate Ham Radio gear. We could count on Bob to offer some great deals once he decided to "move up" to a bigger, better rig.

A Good Friend, a Fellow Ham Club Member & fellow Air Force Veteran, I never known a more easy going, more humorous and more kinder person than Bob. And sadly the Ham Radio airwaves today are too quiet now with Bob's passing.

“ Thoughts and prayers for his wife and family. Only saw Bob a couple of times per year when we were down from PA for the bike rallies. He was such a nice guy and always friendly with the customers. We always looked forward to seeing him. He will be missed and it won't be the same without seeing him in the sale tent.

“ *Betty, this is very sad news. Bob was a great friend and mentor to us newbies at the radio club and Caitlin really enjoyed getting to know Bob at Harley. So very sorry for your loss.*
