“ *I was privileged to meet Bob in Church. he was so kind to all and had an impish laugh. he was one of those people who come into your life, pack a punch and then. Moves on. The world has lost a giant and Heaven is richer for having him.*

“ *It was a true pleasure to know Bobby. Me and my husband Ed are parishioners of St. Michael Catholic Church. We so looked forward to seeing Bobby each Sunday. It was hard for us not to see your Dad each week, but was in our prayers.*

We are truly saddened by Bobby's passing. Bobby and the family are in our prayers. May God bring you comfort.

“ Uncle Bob - like most of us, I will never forget your infectious laugh. It had the greatest ability to get everyone else to laugh along and put us in a good mood! It also was a little bit "naughty", but then again, so where you!

I fondly remember, every time our two families got together, your ritual of playing the "hand-clapping" game with us. For so many years, none of us could beat you and your speed. I remember glowing with pride the first time (& there weren't many) I was able to beat you at the game. Probably just caught you off-guard (or played my advantage of you having had a few beers!!).

I also remember the summer nights you would drive from your home in New Rochelle with your kids and pick up me and a couple of my siblings in Tuckahoe and take us all to Playland Amusement Park. I don't remember how you fit us all in the 1 car, but those were different times.....good times!

I also remember going fishing with you and my dad as a young girl. Taking the little boat with the small outboard motor from Rudy's Boat Livery in Greenwich, CT. While you and dad were drinking your beers and teaching me the fine arts of fishing, it was inevitable that you gentlemen would have to relieve yourself. I was asked to turn my back and I would hear your special laugh the whole time when I would ask "can I turn around yet?"

I remember how you and my dad looked at me with pride when I caught my first blue fish after quite a lot of work. That made me so happy you two being proud of me.

I also remember how well you kept your relationship with your brother, my father, going even after you moved south. That meant a lot to my dad and to us (his kids). You always made the effort with him. We had a birthday dinner for him at a restaurant, and you made the long drive up from SC just so you could surprise him and be waiting for him at the restaurant to help him celebrate. That meant a great deal to him. Thank you. And the times you came up to NY to visit him when he was in the assisted living facility. He really was so grateful, as we were, for all the efforts you made to keep the connection with your brother.

It was ALWAYS so evident how much you loved your wife, Aunt

Betty. That memory has always stayed with me, still does. One of the greatest love stories. I'm sure you are with her now and extremely happy.

Rest in peace Uncle Bob. Love you, Maureen

George and I remember meeting Bobby at the old church. He would always smile and wave to our grandson Noah. And Noah would look for him at the end of Mass so he can wave and throw him a kiss!! They both had a special place in their heart for each other and we enjoyed the times we got together with him!! We will always remember Bobby for the great person that he was and will never forget him!! God Bless...

“ Dad, you have left me with so many beautiful memories.

I remember the father:

** I remember how you always put family first and Mom above all; taking care of family members in their time of need*

** I remember that close bond you had with your brother , Uncle John, and spending time together as families during the holidays*

** I remember a man who worked 2 jobs and broke his back providing for all our needs.*

** I remember our days on the golf course where you always managed to beat me out of a dollar*

** I remember all the nites we went into the basement to play ping pong for hours.. fun times*

** I remember going to MSG so many nights and watching our NY Rangers play*

** I remember our father & son talks on the milk truck. And getting that great bacon, egg, cheese sandwich at the Thruway diner every time I helped out on the truck. You taught me the value of the dollar and a strong work ethic*

** I remember how you and mom loved to play Euchre when we visited*

** I remember how happy you were when you met Jennifer. You were quite fond of her. I'm so thankful you got to meet her.*

** I will remember going to our favorite restaurants and enjoying a meal. You always looking to flirt with the waitress. Lol*

** So many great memories... I will remember your hearty laugh and great smile. Thank you for always being there for me , for loving me always and in all ways!!*

Be at peace Pop. I love you! I will miss you!

Give Mom a big hug and kiss from all of us!

xoxo

“ Thank you Pop for everything that you have given me in life. I am so lucky to have been apart of your life. You were so good to me, welcoming me into your family with open arms. I have spent many days with you listening to stories of your past, talking about finances and the future, and mostly how much you loved your wife and family.

I always enjoyed listening to your jokes and that laugh that brought tears to your eyes. Your unique sense of humor always brought me laughs, plus you understood my sense of humor as well.

I can't say enough about how proud and lucky I am to have been your son in law. I couldn't have asked for a better father in law.

I miss you and wish your were here! I love you pop and will always hold you in my heart.

Love David (son in law)
