Tribute Wall

“ My name is Jeff Davis and I used to live next door to Bob & Carol Cape on Myrtle Beach AFB back in the mid 70's. Bob was always kind and generous to everyone and I remember when Elvis Died, Bob was on the air with a tribute to the king. Funny enough, I ended up following Bob's lead and I went into radio broadcasting myself.

“ Mrs. Cape, I used to listen to Bob Cape when he worked for Gator 107.9 FM with his country classics show every Sunday... I know you miss him. I do. I think I always will. I have tapes of his old show... I have one tape when Doc Winters sang a song live... I loved that. Coming to the point here... God Bless You! Please except my deepest heartfelt condolences to you... “ Worshipful Brother Bob had a huge influence on my travles through masonry. He was my coach and mentor. My fondest memories were sitting with him on the bench in his front yard talking masonry, life and laughing as I learned not just the words, but was able to understand the meaning of the word "brother" in the man that sat beside me. I will miss you, but as long as the light of masonry continues to burn and as I, as well as so many others, hold a thought or teaching of you close to our hearts, you will never be far away.###imported-begin##Mike Johnson M.M.###imported-end##

“ To Bob's family, I think you all know how much I loved Bob and I will miss him dearly. It is impossible to know how many lives he touched, but I am sure the number is in the thousands. I don't know why Bob stayed with us so long after it was clear that his body had failed him. He was most certainly a man on a mission during these recent times. My only guess is that The Lord had a purpose for him to do and I feel in my heart that Bob completed that task and went to Him as a very happy soul.
