“ It was an honor to know Bob - one of our favorite 3musketeers. Bob got me started playing his game of "Quiddler". Bob hesitantly agreed to speak at our first Alzheimer's Art Festival and he was the highlight of the event. His speech brought everyone to their feet in a standing ovation. He participated in this year's Festival as well - displaying several pieces of his art and giving a very touching interview for our video. Bob was special and the Lakes at Litchfield will not be the same without him. My sympathies to Jim and John (the other two musketeers) and all Bob's family.

“ We were saddened to learn of Bob's death and our sympathies go to Jim and John and his family! We lived across the street from him, and remember his kind ways and greetings, his painting which adorns our sun room wall, and care and concern for others.
