“ Beau was just here for a service call on June 13, 2015. He had a new dog with him and let him out of his truck to play just like he always did with Doug's old dog "Ben". Beau and Doug were like part of our family. We have known them since we moved here. Beau was always so happy and full of life every time we saw him. We are so sorry for his loss and for your loss. We will donate to his "little girls" educational fund.

“ My wife Kathy and I were shocked and saddened by the news of Beau's passing. Please know that as customers of GSI we grew fond of Beau's visits to our house. I always asked about his family and would always encourage Beau to let his dogs get out of the truck and roam around while Beau worked. He was such a gentle, kind person. Please know that you have our deepest sympathy.
