“ Oh my. She was such a good hearted, wonderful, incredible person. So, positive. She meant so much to me. She took really great care of my grandson, Sam Ohanesian, many years ago. With her guidance and the exercises, his vision much improved. She was always so warm, giving. I know she fought hard, for so long. My heart is broken.

“ *I often think of our fun times as counselors at camp, our goofy friendship, your wonderful parents and laughs we had along the way. I know we were meant to be friends because our friendship played such a pivotal role for the happiness of others around you . As we all know the time on this Earth is short so you have to live everyday to the fullest . The girls would give me updates and I was happy you filled your life with love and adventure. Will always keep you in my thoughts. Evelyn*

“ I have fond memories of Robin and Jim from HS, Robin and Jim were some of the first people I reached out to on FACEBOOK , when it first debuted. From Robins first posts I could how she was loved and admired by her family and friends. When she revealed she was fighting cancer her strength and her smile brightened my day!  
May you Rest In Peace U sweet angel of God!

“ *Robin was a dedicated member of the Myrtle Beach Civitan Club and a wonderful friend to all of us. Her ministry of service to the patients who came to her office, the athletes of Special Olympics and Miracle League, the Junior Civitans, the residents of the Waccamaw Youth Center, the nursing facility patients we visited to sing Christmas Carols and play bingo, her furry friends and many, many others had a tremendous impact. Not only on the people she was serving, but also the people she was serving along side. She always had an amazing smile and positive attitude, even when the work was hard. I had the honor of serving as her chemo buddy. She thanked me for helping her, but I was the true beneficiary of sharing time with an amazing woman and will never be able to thank her enough for what I got from our time spent together. Many people over the past few days have said that Robin has gotten her wings and is an angel, but I would argue she was an angel while she was here with us, and only changed addresses. I look forward to one day seeing her again.*
