“ I was honored to work with John in the Coastal Carolina bookstore from 1972 thru 1975 under the student work study program. What a pleasure it was!! John was a caring, happy, honest man that went out of his way to help "his" kids any way he could. I left Coastal in 1975, but have thought of John many times over the years. Whenever I meet some of my fellow students and we talk about the "old" times at Coastal, we invariably speak of him. He was an important part of Coastal and helped the school become what it is today. John lived his Christian beliefs everyday and served his Lord with pride. I am a richer person for having known John and been touched by him.##imported-begin##Patrick D'Anna##imported-end##
