“ I did not know this page existed until now after googling my own name I came across this.... Every time I swing a hammer, paint or just fix something around the house I think of you...I loved helping you at work. I wanted to be handy just like you...well guess what I am and it is because of you...My daughter Paisley loves it too and everytime she wants to help me I reflect upon how I was with you and it makes me smile and remember those moments we shared. I hope you and Darin are enjoying heaven and miss I miss you both! Love Always your little handy girl! XXOO Ronda
