“ My dearest Grandma, even though we weren't of the same blood line, we're of the same heart line. I'll forever cherish the memories and special moments I had with you for the rest of my life. I'm thankful to God for blessing me with a grandmother like you in my lifetime! You taught me my sense of self worth. You've shown me what courage was by the extraordinary grace that you displayed in facing the many health battles that you endured, and by God's grace I know now that you are at peace,at last! Although you're gone you'll never be forgotten for I will share my own memories of you with my own children someday. I love you!##imported-begin##Dedra Rohr##imported-end##

“ My heart felt condolences to you and your family. Glen, you and Ruth were our extended family .After granddaddy died I donâ??t know what we would have done without you two. You and Ruth were always there for mom, me and Susan. You two never wavered even though your plates were already full with taking care of your own. Over the years as I have matured and raised my family your selflessness had become even more apparent I truly realized what you two had meant to our everyday existence! Taking us to doctors visits and grocery shopping when we had no other means. Glen, you and Ruth will always hold a special place in my families life! We will always be so grateful! As I reflect back on the years that are quick to go by I am thankful I took the opportunity to let Ruth know how much your friendship and love meant to my family. I will always be so grateful for what your family has done for mine. I can never repay you all! May god be with you and yours. We love you and you are in our thoughts and prayers!###imported-begin##Gabrielle Watts & Family###imported-end##
