“ Dear Family Members: Ms. Sadie was a great lady. I worked with her for many years at the Health Department. As a matter of fact, she hired me and said "with Hardee as a last name, she could not go wrong in hiring me". You could always count on Ms. Sadie to give you the right answers at work. Ms. Sadie also lived in the neighborhood I grew up in. I remember riding my bike by her house and she would be in her garden working and her collie dog by her side. I will never forget that dog chasing me on my bike. I will always have fond memories of her and thankful to her for giving me the chance to work at the Health Department. She will be missed, but we all have our special memories. I remember she was going to a class reunion and she showed me the write up in the paper and a picture of the ones who were there. I said "Ms. Sadie, it looks like you were the only one who still had their high school figure" and she replied with a laugh "YES I AM". My thoughts and prayers are with your family.##imported-begin##Paula Hardee Bratcher##imported-end##

“ To the family, My heartfelt condolences to you. Miss Sadie hired me as a WIC clerk in 1978. She encouraged me to go back to school to get my RN degree. I always had the utmost respect for her. She touched the lives of many of her co-workers at DHEC over the years. We all have fond memories of her and her sense of humor and messy desk where she could put her hands on anything that was needed. She was the epitome of a dedicated employee that had the insight to hire a young employee that did not realize her potential.##imported-begin##Debbie Martin##imported-end##
