

## Sandra S. Culbertson

December 19, 1961 - February 15, 2025

Longs, SC

Mrs. Sandra S. Culbertson, 63, wife of Mikel L. Culbertson, passed away Saturday, February 15, 2025 at McLeod Seacoast Hospital following an extended illness.

Born December 19, 1961 in Dayton, OH, she was the daughter of the late Dr. Frank D. Adams and the late Susanne Cook Adams. Sandra's stunning beauty and statuesque figure made her a perfect model in her earlier years. Later in life she worked as a cosmetologist and enjoyed many other entrepreneurial endeavors. She enjoyed monthly luncheons with her neighborhood divas and treasured her two chihuahua fur babies.

Survivors include her loving and devoted husband of 27 years, Mikel L. Culbertson; her brother, Dr. Steven Adams and his wife Torri; and five nieces and nephews, as well as other extended family and dear friends.

No local services are planned but at her request, her family will hold a ceremonial scattering of her remains at sea at a future date.

“ Sandra was my sweet, wonderful, and beautiful sister-in-law that shared the same birthday as my own 12/19. She was taller, 6 inches taller, looked like a model with beautiful blonde hair. Mine was brown, and she was six years younger. I always thought she would live way past me. We always got along great calling one or the other on our Birthday. But something changed. The once energetic, beautiful, tall, blonde was losing that spark. She started to become tired easily and losing weight. Mikel would have to help her finish her cleaning at the condo's, eventually it became too much for her. After several doctors visits and tests it was determined that Sandra had MS. She started working with a physical therapist and Neurologist in August but with each day she noticed her strength in her legs getting weaker. She called me on December 19, our birthday, and said she could only get around in a walker. But that Mikel helped her with everything she needed. I asked her if there was anything else she needed and she said no that She had everything she needed. Then on February 16, 2025 Mike called and said she had lost all her strength from December until February MS took away her ability to breathe, see, and hear and she passed at 2:15 a.m. Saturday morning. She will be missed by all of her family and friends ❤️🙏
