“ Robin and family, I just found out today that your mom passed away. I am shocked. Sally and I talked often, especially after Lori and her family's passing. The last time I spoke to Sally, she told me she was coming back to Delaware to an assistant living or nursing home. My husband at the time was in Millcroft in Newark, I knew that was near where you lived, and I kept asking the staff if Sally was there. I also kept calling the cell phone number that I had used to call her. Please accept my sincere condolence. Sally was a dear friend while she was here in Delaware. We had many good times together. RIP Sally, you are with Bill and Lori and your grandsons. I will think of you often, and the many good times we had together.
