“ I'm still in shock as you have relocated to a much more peaceful place before we had our "catch up" date. Our conversations were always full of genuine discussions on "LIFE." To rekindle our friendship, at least a couple years back, was a gift in itself. Late night chats, plans for future trips to S.C. to "get away" was such a heartfelt gesture that truly showed the depths of Scott's genuine heart. Always offering his hand to help anyone, even when having a not so great day himself. You owe me a date Scott Corneau. I'll be seeing you and until then "I can feel it, coming in the air tonight"
