“ *My name is Ted Hucks and I own Hucks Pool Company. I worked with Sean last year on the water park addition at the Crown Reef Resort. We added two large slides, along with many water toys. The first night we got the slides in operation, my son Trent wanted to go down the slide but when he got to the starting tub he was scared to go. I was on the ground floor and did not know what was going on. Sean happened to be working in the area and saw that Trent was scared to get into the slide, so Sean just dropped his tool belt and he and Trent came down the slide together. I heard them yelling loudly while they were coming down the slide and turned to see Sean and Trent come out of the slide laughing and having a ball. Not many people would have dropped their tools and got fully clothed in the slide but Sean did it several times until Trent could do it by himself. He was a super nice fellow and I am glad I got to know him.*

Sean was a beautiful man, husband, and father. I was lucky enough to have lived next door to the fitzmaurice family for 25 years. What warm, loving folks. Sean was always easy with a smile or kind word. God called home a good one. Thoughts and prayers to the family.

When I think of Sean I think of laughter, youthfulness, compassion and family. His smile could light up a room and his heart was forever captured in his youthfulness. If you were his friend... you became his family. He spent a great deal of time in our family's home during his high school years and thereafter. There are no words to express the sadness my entire family feels with his passing. Everyone that knew Sean loved him. The best way to sum up his life would be a quote from the Wizard of Oz "the heart is not judged by how much it loves but by how much it is loved by others." He left footprints on the hearts of those that were blessed to have known him. He truly was loved by many and his memory will never fade.
