“ The world has lost yet another beautiful person from a generation of people that truly opened their hearts to family .It has been many years but as a friend of Jeremy as a child i remember how special she was to him and how she took the time to open her home and pick me up or drop Jimbo off at my house and how she interacted with us so we could still maintain our friendship long after our families moved apart Life is measured by the heart and how we pass our traits on to others .she left her many traits from the heart to her nephew Her footprint will live in the family she left behind for many generations she truly was a gift of life to the ones she held close.

Shirley was a beautiful person and we loved her the first time we met her. She was kind and we had lots of fun! Just wish we could have had more time with her.

When thinking about Shirley I cannot ever remember her not having a smile and kind words for whomever she was speaking to. Shirley was a very close friend to my mother for many years. Shirley and my mother had what I thought of as their girls group. The group traveled, got together and played cards, came to each others houses for parties, and of course shopped and gave each other decorating ideas. Shirley and mom would go out for lunch or dinner, Shirley could make my mother laugh, and I am going to miss the tales Shirley told to make you laugh. Shirley has her wings and is now watching over all of us. Shirley I will miss you until we see each other again. Thank you for being a great person to everyone.. God Bless You
