“ I really loved her laugh. It didn't take much to make Shirley laugh. She was absolutely fun to be with. It meant a lot to me when she recently shared with me the things she remembered about my family when I was growing up; especially when she sincerely said how proud my parents would be if they could see me and my sisters successes today. Shirley and Debbie were wonderful neighbors to our family. I remember my mom and dad would excitedly say, "Hey, the Mundts are here! ", and the visits would start off with a bang! When I think of Shirley, I think of the happiness she brought to me during my childhood.

*My condolences to Shirley and her family.
May Shirley rest in peace and her family remember the good times.*

*Sincerely,
