*Mike, I didn't get a chance to speak with you but please know that even now I have the family in my prayers. My mom has stage 4 cancer so I completely understand what you all have been through with Shirley's illness. May she rest in peace and may God give you peace in your memories.*

“ Shirley was a very delightful person. She and Jack always came to church early and I had time to talk with them, find out how they were and find out how their week had been. I had been missing them at church, not realizing all that was going on. She will be missed, but from all I have heard she wouldn't want to return. She is walking the streets of gold and talking with her love ones that are there with her.

*Jack, my heart goes out to you, Steve, Sandra and all the family. Sixty-one years is a long time to have held the hand of your love. Please know, I am praying for all of you and your church family is always there to help and love on you.*
