I cannot begin to express the melancholy and things left undone. This sickens me. Stephanie you were my absolute best friend for the past three years. My heart is torn and will forever be hurt. Regardless of everything I know we loved each other. I also know the length and depths in which you loved me. I will forever keep that in my heart. I pray Vegas will be okay. I can't imagine the thoughts going through my puppies head. The love us three shared is and will be unparalleled and not understood by everyone. I shaved many layers of emotions and got down to the raw,truth, and stripped. We reached each other on layers you only wished from others....I know you're secrets and your soul....and every inch of you was enchanting...I love you Stephanie Lamm Honick and Vegas Vom Flesherheim.

You spoke to my heart when nobody else cared about me. You didn't deserve this, you were an amazing person and I don't know how to feel about it even still. You told me I had a beautiful heart and brain when no one else saw it. You could see the good in people, and love a tormented soul for it, as I was such a soul. I still have our conversation on messenger, when you told me that you believed in me, that I could and would change. I did change and have been clean for years now. I really believe that you are part of me, you instilled in me that I was worth it and I wish you knew that. If I could have met you sooner ☐ I love you Stephanie...
