“ When I went to work at Diamond Back Golf Club as a new golf pro you always have the worry of, what is the superintendent like and will we get along. I didn't take but a few moments to realize that not only could we have a great working relationship but also that we could form a friendship. I not only have a great amount of respect for Bryan on a professional basis but on a personal basis also. He will be missed by many.##imported-begin##Jimmy Powell##imported-end##

“ Bryan was a friend to many. He didn't know what "no" meant when you asked him for help, all he knew was how to be that friend who was there just when you needed him to be. With his strong southern draw and his witty comebacks he could always make you laugh, or at the very least smile. His work ethic was an example to us all and put many of us to shame. He will be sorely missed but long-remembered. He took pride in every project he involved himself in. He had the greenest lawn in Horry County, one his neighbors and friends envied. From the times you'd have to wake him up at K-group cuz he'd worked so hard that day to the times he'd be cutting up with Stacey and making her blush in front of the rest of us to the times he'd talk about how luck never seemed to find him or Stacey, you always knew where Bryan stood. Whether you believe in luck or not, if you knew Bryan you were the one who was lucky. Now, he is the one who is finally lucky to be with God, and though you are sorely missed we will see you again. Thanks for always being a friend. I'll always remember you this way...##imported-begin##David Motyl##imported-end##
